## Student Feedback Report

Session 2022-23

Student feedback for the session 2022-23 was collected by the Internal Quality Assurance Cell (IQAC) of Government College hindaun city. This whole process was performed during the examination time after completion of academic work. The main reason behind conducting this feedback process during the examination period was that the almost all the students were present at that time and they have absorbed the experience of the entire session. This feedback report was completed with regular students. For smooth conduction of feedback work, a questionnaire was prepared consisting 10 questions covering various issues like about teaching, co-curricular and extracurricular activities, supportive infrastructure including laboratories, libraries as well as career expert advice. Through his feedback process, an attempt was made to know the expectations and experiences of the students and all by these, the quality of the performance of the college was evaluated. Question wise analysis of the feedback collected through the questionnaire is given below:

On the basis of question whether the syllabus available for different courses are covered by the teachers in the time or not, 87% students were agreed that syllabus covered on time. Questions raised regarding the quality of the library, its maintenance, seating arrangement and availability of books according to the syllabus it was found that 76% students happy with the library and satisfied with service. On questions being asked about the basic requirement available in college campus or not, 85% students were satisfied. And when the students were asked about whether classes are regular or not in the college 79% accepted that classes are regular. Regarding the question like whether students related queries and problems solved by the teachers or not 82 % students were satisfied by the query management system of the college.
